

1 Out of 10 Doctors Recommends: Drinking Urine, Eating Worms, and Other Weird Cures, Cases, and Research from the Annals of Medicine

Have you ever wondered what that 1 outlier would say when you see commercials and products boasting that 9 out of 10 doctors recommend something? Well heres your answer... Three doctors explore and explain the least recommended techniques lurking in the darkest corners of medicine through the ages. Entertaining and informative, (and sometimes just plain gross), 1 Out of 10 Doctors Recommends examines the strangest and most unusual medical practices, including: drinking your own urine to fight infection, using live eels to relieve constipation, and licking a patients head to diagnose Cystic Fibrosis. As licensed medical physicians who believe that humor is the best medicine, the authors decode the methods behind the seemingly mad science in these lighthearted mini essays. 3 out of 3 authors recommend that you read it immediately!Kooky, creepy, crazy examples include:* Bee venom to treat herpes* Intestinal parasites for allergy meds* Natural ways to make your genitalia larger* Potato to stop bleeding after delivery* Salt pork for a sore throat* Vampire Facials
