

NYC for Free

Including over 700 free events and services in New York City, NYC for Free shows how the city opens its doors for free to visitors and residents tired of being nickel and dimed. Organized in 43 categories -- from museums to piano bars, from meditation instruction to classical music concerts -- this guide covers a wide breadth of listings, many of which are unknown even to the inveterate New Yorker. It is meant to address those looking for a pleasant night out for music, dance, or a lecture, for example, while shedding light on more serious matters like counseling, educational workshops and even cancer screenings. Each listing includes names of events/services, locations, phone numbers, hours and descriptions. In addition, a calendar lists popular events each month. This light-weight, pocket-sized volume was written for people trying to save money while discovering hidden gems that would normally cost a heavy sum. Quite simply, it is a long list of things you might jot down if told by a friend, or spotted in a newspaper. * A guide with 43 categories of free events and services in New York City's five boroughs * All listings updated and expanded when necessitated * Includes many listings never before included in a NYC guide * Listings tailored to the tourist as well as to the native New Yorker * Each listing includes name of event/service, location, phone number, hours, and description * In addition, a calendar listing selections of popular events each month * Designed as a light-weight, pocket-sized volume intended to be easily carried in jacket or purse * Its author, a Brooklyn resident and former journalist, has been featured with the first edition of the book on CBS News (New York, Channel 2) and the morning news and talk show, Good Day New York (FOX).
