

Lingerie: The Evolution of Seduction (Nanobook)

A colorful and titillating pictorial history of the sexiest attire of all. Lingerie has always been the ultimate tease in ladies attire, a statement of style, elegance, provocation, sexual politics even malice. This incisive, colorful volume presents the history of lingerie through vintage prints and advertisements as well as in babe-alicious photos of the most beautiful models and actresses, from Marilyn Monroe to Angelina Jolie. Culminating in a special chapter on Victorias Secret, Lingerie traces the path from corsets and girdles through ever more liberating and sexy garments for the flesh.
