

## A Book for Her

A Book For Her details award-winning comedian Bridget Christies 12 years of anonymous toil in the bowels of stand-up comedy and the sudden epiphany that made her, unbelievably, one of the most critically acclaimed British stand-up comedians this decade, drawing together the threads that link a smelly smell in the womens studies section to the global feminist struggle. Find out how nice Peter Stringfellows fish tastes, how yoghurt advertising perpetuates rape myths, and how Emily Bronte used a special ladies pen to write Wuthering Heights. If youre interested in comedy and feminism, then this is definitely the book for you. If you hate both then Id probably give it a miss.
