

A Little Lynched: Amber Alert - A Judge Ordered Kidnapping

When a deviant, deceptive, cold-blooded, case-rigging, fake-domestic violence helping, serial- family killing judge, Esther Morgenstern along with her legion-of doom co-conspirators from Child Protective Services, The Children Law Center and others ruthlessly conspired and court-napped one of Aleah's precious offspring back in August 2012, Aleah did not know what to do. Aleah learned in real-life there were no real Laws or Orders in place that would protect her and her children from fraud, corruption, destruction, and legal abuse that she endured for many years in these kangaroo court rooms. Aleah observed for years while the people that were supposed to protect her and her kids, fabricated, falsified, lied, and manufactured evidence to do the opposite of helping her. These sadistic sociopaths put in society to protect us was allowing rape, abuse, maltreatment, trauma and torture to millions and millions of children, and for some fishy reason the media has been completely silent. Aleah also discovered that all the oversight agencies that were to administer punishment against lawless mastermind judges running rackets, just rubber-stamped their wrongdoings in millions of cases. Judges responsible for billions in tax dollars that were running con-games, committing fraud; running rackets; dealing in corruption and destroying good men, women, and beautiful children were the ones being rewarded and promoted by the DOJ easily. While the few good-judges and lawyers that were whistle-blowing were blackballed, blackmailed, disbarred, jailed, blacklisted and forced into early retirement if they spoke out against the lawlessness and fraudulent practices going on in nearly every Family Court room all across America. Masterminds & MasterBaiters like judge Morgenstern, The Children Law Center, Administration for Children

Services, so-called- professionals, self-proclaimed pedophile friendly experts, and many nonprofits were eager to join and be a part Family-Court criminal syndicate extortion, extraction, family-destruction and child lynching action for any price. These secret rackets are praised and worshipped for faking, pretending to help, but instead delivering deceptive services. These Anti-Family courts, where ripping children and mothers apart is the real policy and hidden agenda, comes with billions in bonuses and incentives. Aleah tells her truthful nightmare.

Urgent Update: Since August 2014 Aleah now have met over 3000 mothers all over America who have had all their children lynched out their lives forever with the exact same genocide scripts her child was State Sanctioned Kidnapped with.
