

A Method for Measuring the Value of Scout/Reconnaissance

The authors describe a method for developing and using a model to measure the value of scout/reconnaissance to operational performance. The method employs (1) modern measurement techniques to credibly model the human processes involved in situation assessment and operational performance and (2) operator interactive simulation of scout/recon system operations in high-resolution combat models to represent a systems performance on the battlefield. The situation-assessment/operational-effectiveness model is system independent. It can be used to measure the value of any type of reconnaissance system and is relevant to any ground-combat force, organization, or composition. The method fills a critical gap in analytical support for scout/recon system development and acquisition decisionmaking because it provides a quantitative analytical basis for measuring and comparing combat intelligence systems in terms of resulting operational performance. The model applies only to heavy divisions, having been developed from the judgments of intelligence and operations officers about heavy divisions imminently to be engaged in combat with large, modern, enemy armored forces.

A Method for Measuring the Value of Scout/reconnaissance by Monti The method is system independent it can be applied to measuring the value of any type of system conducting scout/recon and is relevant to any ground-combat **A Method for Measuring the Value of Scout/Reconnaissance** Find great deals for A Method for Measuring the Value of Scout/Reconnaissance by Monti D. Callero and Clairice T. Veit (1996, Paperback). Shop with **A Method for Measuring the Value of Scout/reconnaissance by** The authors describe a method for developing and using a model to measure the value of scout/reconnaissance to operational performance. The method **Buy A Method for Measuring the Value of Scout/reconnaissance** A METHOD FOR MEASURING THE VALUE OF SCOUT/RECON. Autor: VEIT, CLAIRICE T. Autor: CALLERO, MONTI D. (0 Avaliacoes) **A Method for Measuring the Value of Scout/reconnaissance** The authors describe a method for developing and using a model to measure the value of scout/reconnaissance to operational performance. **A Method for Measuring the Value of Scout/reconnaissance -** Read A Method for Measuring the Value of Scout/reconnaissance book reviews & author details and more at . Free delivery on qualified orders. **A Method for Measuring the Value of Scout/reconnaissance - eBay** The authors describe a method for developing and using a model to measure the value of scout/reconnaissance to operational

performance. The method **A Method for Measuring the Value of Scout / Reconnaissance** : A Method for Measuring the Value of Scout/Reconnaissance: Clairice T. Veit, Monti D.
