

Public Enemy #2: An All-New Boondocks Collection

Here's the next big collection of Aaron McGruder's *The Boondocks*, the most subversively funny, controversial, and politically engaged strip to be found in America's comics pages. Featuring Huey Freeman, a radical preteen conspiracy theorist, and his little brother Riley, a desperately cute thug-in-training, *The Boondocks* skewers targets from George W. Bush and Ralph Nader to Queen Latifah and Bill Cosby. With more than 500 previously uncollected strips including strips banned from newspapers around the country, *Public Enemy #2* is a must-have collection of the sharpest satire being crafted today.
