

## Survive Gaming Apocalypse

Even if you stayed away from computer games, they did not stay away from you. They found their way into your pocket. And now that they made a little nest there, your kids got their hands on it. You, or someone you know and care about deeply, are becoming entangled with the virtual world of computer games. Technology is a dangerous tool in careless hands. If you are seeking to understand better what those dangers are and how to deal with them, especially in the area of electronic entertainment, this book is for you.
