

# Everyday, ordinary, insane life: Stressing out over relationships, dating, happiness, sex, working, coffee & other problems

If you feel stressed out or depressed, then you have a lot in common with the author, Jimmy Jabroni. But how do ordinary people deal with the stress, the sadness and the disappointments of everyday life? That's right. They go to Las Vegas and fornicate. However, for those of us who hate to fly, we cope by venting about our problems which distress us to our friends. Unfortunately, Mr. Jabroni has no friends. Fortunately, Mr. Jabroni is a brilliant humorist and a master of satire & sarcasm, so he can release his pent up frustrations through his sobering humor. And you will be thoroughly entertained as you read this Jabroni's hilarious personal experiences with dating, relationships, working, sex, being single, depression and other problems. Every paragraph of this book is bound to provoke fits of laughter. And you will continue laughing as the author examines with even more comical genius the big philosophical quandaries which torment him, such as the meaning of life, death, happiness, truth and more.
