Drakengard is set in a world of dragons, gods and warfare and blends unique action elements with a tragic story. Gamers will embark on an all-new gameplay experience combining fantasy, interactivity and a dramatic saga. Players can maneuver through the game on a powerful dragon utilizing three modes, Aerial Combat, in which players fly above the landscape attacking airborne enemies, Strafe Attack, allowing a large mass of enemies to be annihilated in one blast of fire, and Melee Mode. Gamers also explore and battle on foot, with an assortment of weaponry powered with magic. As the game progresses, the dragon and the characters abilities will mature and the weapon selection will increase, allowing the player to choose from more than 60 different weapons. The tragic story is conveyed through event sequences, CG movies and through the gameplay itself. Depending on the decisions made, players will discover different story elements, environments, enemies and endings. Not Final Cover. Square Enix Co., Ltd.
