

## Vitebskii

Vitebskii is the second edition, the story of the Aleskr family living in the Russian city of Vitebsk at the turn of the 20th century during the years leading up to the Revolution. The Empire was beginning to tremble on a shaky foundation of a monarchy and a weak monarch in Nicholas II. It follows the Aleskr family as they immigrate to a large American city only to lose their values and traditions. It follows the royal family to a cellar in Siberia and execution. It goes further into modern-day Russia.
