

Bodyshop: The Photoshop Retouching Guide for the Face and Body

The book Photoshop users need to get bodies into shape. This full-color book will show how both the newest and previous versions of Photoshop can be used to retouch and enhance the entire human form. From body contouring to changing hairstyles to adding makeup and fixing nails, this book will be a must-have reference for anyone who uses Photoshop to fix people pictures. The companion DVD includes before-and-after views of all pictures from the book, additional setting files for individual workshops, and trial versions of several Nik Multimedia filters.
