

Law of the Jungle: The Hunt for Colombian Guerrillas, American Hostages, and Buried Treasure

Law of the Jungle by John Otis is a wild and riveting true story of kidnapping and drug trafficking in the jungles of South America. Written by a 20-year veteran reporter based in Colombia, the only reporter qualified to tell the tale, this incredible account of The Hunt for Colombian Guerrillas, American Hostages, and Buried Treasure tells the untold flip side of the story chronicled in the New York Times bestseller Out of Captivity. An amazing surreal-but-true adventure in the tradition of Mark Bowden's Killing Pablo and Blackhawk Down, Law of the Jungle is, at once, heroic, tragic, and bizarre, placing the Colombian hostage story in its full and magnificently strange context.
