

Bored of the Rings: A Parody

A quest, a war, a ring that would be grounds for calling any wedding off, a king without a kingdom, and a furry little hero named Frito, ready-or maybe just forced by the wizard Goodgulf-to undertake the one mission that can save Lower Middle Earth from enslavement by the evil Sorhed. Luscious Elf-maidens, a roller-skating dragon, ugly plants that can soul kiss the unwary to death-these are just some of the ingredients in the wildest, wackiest, most irreverent excursion into fantasy realms that anyone has ever dared to undertake. For everyone who has delighted in J. R. R. Tolkiens fantasy masterwork-or anyone whos just looking for a good laugh-Bored of the Rings is the all-in-one-volume comic extravaganza that will convince lovers and haters of fantasy that theyve finally experienced it all, and that theyll never need to read another fantasy parody again.
