

History of the First Presbyterian Church, of Ewing, New Jersey: The Substance of a Discourse (Classic Reprint)

Excerpt from History of the First Presbyterian Church, of Ewing, New Jersey: The Substance of a Discourse Those who heard this sermon delivered, will observe some omissions as it now appears in print. It will, however, perhaps be remembered that what has been left out was simply appeals to action in some matters which seemed to call for present attention. These, of course, would not be of permanent interest, and, hence, for that, as well as for other reasons, it was thought best to drop them. Without other material change in the sermon as pronounced in the pulpit, we give it to the press, hoping that in its perusal some pleasure may be afforded to those who love that Church and all its surroundings, and all that is connected with it; and begging a charitable consideration from those who may see in it many and glaring faults.
