

French The Easy Way (Barrons E-Z Series)

This updated edition of a popular self-teaching language-learning book presents the basics of French grammar and vocabulary for those who have little or no prior knowledge of the language. Emphasizing proficiency in informal conversational French, the text includes true-to-life dialogues with translations, as well as skill-building exercises, fun-to-solve puzzles, useful verb conjugation charts, explanations of grammatical terms, and many more language-learning features. In addition to being a self-teaching manual, this very useful book can serve as a textbook or textbook supplement in classroom settings. The many new illustrations in this fourth edition capture much of the spirit of contemporary France.
