

Web Applications with Microsoft Visual InterDev 6.0 MCSD Training Kit (Dv-Dlt Fundamentals)

This official Microsoft study guide delivers in-depth preparation for MCP Exam 70-152 -- an elective exam on the Microsoft Certified Solution Developer (MCSD) track. Learners work at their own pace through an integrated system of scenario-based lessons and hands-on labs to learn how to analyze, design, build, and implement Web-based solutions using Visual InterDev version 6.0 Web development system. Self-assessment questions and complete model application on CD-ROM supplement and extend the learning experience. By the end of the course, students can create a full-featured, data-driven Web application.
