

## Canadas West Coast

The distinctive peeling bark on the trunk of an arbutus tree. Towering Sitka spruce trees. Migrating sandpipers in Clayoquot Sound. A grizzly bear feeding on pink salmon near Knight Inlet Lodge. Chris Cheadle walked the streams of the rainforests, kayaked to remote beaches, sailed the inlets, explored the islands and listened to the wisdom of First Nations elders to capture the images in this book, which depict the west coast of British Columbia in all its glory.
