

Catalyst of Miracles: The Unknown Claudio Naranjo (Consciousness Classics)

Culled from the Festschrift articles collected for Claudio Naranjo's 70th birthday, this generous collection includes personal memoirs and reminiscences going back to his school days in Chile; testimonies on meetings and activities from the consciousness-raising group, Seekers After Truth; and professional articles by a wealth of Claudio's colleagues. A goldmine of biographical, professional, and personal information on one of the surviving pioneers of the Human Potential Movement in the United States, this historical account presents an inside look at a man whose spiritual ideas and therapeutic techniques crossed a multitude of borders and boundaries in order to touch people's lives.
