

## CHANAKYA - THE LEGEND OF INDIA

An individual ought not to be excessively legitimate. Straight trees are cut first and genuine individuals are screwed first. Regardless of the fact that a snake is not harmful, it might as well put on a show to be venomous. The most amazing master mantra is: Never impart your insider facts to anyone. It will decimate you. There is some self-engage behind each companionship. There is no kinship without self-engages. This is an intense truth. When you begin some work, dependably ask yourself three questions - For what valid reason am I doing it, what the outcomes could be and will I be fruitful. Just when you suppose profoundly and get acceptable replies to these inquiries, go ahead. The worlds greatest force is the adolescent and excellence of a woman. Training is the closest companion. A learned individual is regarded all around. Training beats the magnificence and the adolescent. Books are as suitable to a bonehead as a mirror is of service to a visually impaired individual. Treat your child as a dear for the first five years. For the following five years, admonish them. When they turn sixteen, treat them like a companion. A man is extraordinary by deeds, not by life commencement. God is not show in symbols. Your sentiments are your god. The soul is your sanctuary. The scent of blossoms spreads just toward the wind. In any case the decency of an individual spreads in all bearing. When you begin a taking on something, dont be anxious about flop and dont forsake it. Individuals who work earnestly are the happiest.
