

## City & Guilds Level 2 ITQ - Unit 219 - Database Software Using Microsoft Access 2010

This training guide has been written specifically for the City & Guilds ITQ (IT Users) level 2 unit Database Software, which requires you to use a software application to create and edit a single table database. Each exercise in this guide has been designed to gradually build up your knowledge of Microsoft Access using a simple, user friendly, step-by-step approach. This unit requires you to demonstrate the skills and knowledge needed to use a range of intermediate database software tools and techniques which may be non-routine or unfamiliar. This guide provides you with the knowledge and techniques necessary to meet these learning outcomes. Data files to accompany this title are available to download from our website, which allow you to practise the many different software features covered.
