

## Cognitive and Emotional Processes in Web-based Education: Integrating Human Factors and Personalization (Advances in Web-Based Learning (Awbl) Book Series) (Premier Reference Source)

A preliminary classification of individual characteristics that affect the outcome of learning procedures is the distinction between cognitive and emotional parameters. This covers a wide spectrum of human factors and comprises a very important research area in Web-based learning. Cognitive and Emotional Processes in Web-Based Education: Integrating Human Factors and Personalization enhances the effectiveness of Web-based learning by incorporating cognitive and emotional human factors into adaptive hypermedia applications. This book covers a large number of topics in the area of human individuality that will be of importance to researchers, academicians, and practitioners in the areas of e-learning and education.
