

Confessions: Candid Conversations about Sexual Encounters

The book contains honest and open discussions regarding different sexual encounters. Some stories will entertain you, some will intrigue you and some will even Surprise you! This story discusses how candid individuals are about their sexual encounters. Do they actually tell the truth, or does the truth demonize the understanding of fact or fiction when it comes to confessions on good sex? The truth about good sex can be an enemy or foe when it is presented to others for information. Four friends will learn and understand the difference between fact and fiction as it pertains to their sexual encounters. According to the story, a sexual encounter becomes an embarrassment of being a virgin because of the belief that individuals are not knowledgeable in sexual etiology? When given the power, can individuals be candid about their sexual encounters?
