

Money Inc.: A Wry Look at Business Today

When top New Yorker magazine contributor, Joseph Farris drew these cartoons in the late 1990s, he saw things that few others saw. Greed, deceit, fraud, theft of shareholders assets--all the elements of today's headlined corporate scandals, violations of ethics, bogus accounting, and corporate governance failures are grist for the devastatingly funny and deadly accurate cartoons in this sweeping indictment of business behavior that cost shareholders billions.
