

In Pursuit of a Deal: 5 Star Travel on a 2 Star Budget

Traveling on a small budget is an art. In order to have a great travel experience on a limited amount of money you must get creative. In this book different avenues to find deals and discounts on vacations are explored. You are given an unorthodox view on ways to have the best travel experience possible and to do so with limited funds. Based on years of experience and proven results these principals will help you to make the most out of your vacation even if your wallet says otherwise. You want a vacation, you need a vacation, and sitting in a foot of water in a kiddie pool in the back yard is not a vacation. With this book you can find yourself in places you have never been before, or always wanted to return to, on a budget that you never dreamed possible.

Derived from experiences both on the side of the traveler and on the side of a travel industry insider. Travel does not have to be painful, difficult, or expensive. All you need to do is know how to find the deals and subsequently how to obtain those deals.
