

Diary of Charles Francis Adams, Volumes 1 and 2: January 1820 - September 1829 (Adams Papers)

Third and last of the Adams dynasty of statesmen, Charles Francis Adams followed in his grandfathers and fathers footsteps by keeping a diary from youth to old age. With only a few gaps in the earliest years, Charles Francis Adams diary extends from 1820 to 1880, furnishing a massively detailed and intensely personal record of the writers life as an undergraduate at Harvard, manager of the Adams familys business affairs, historian and biographer, Free Soil political leader and Republican Congressman, United States minister in London during the Civil War, arbitrator of the Alabama claims at the Geneva Tribunal, and father of a whole constellation of gifted sons. The Diary of Charles Francis Adams, which is expected to run to at least eighteen volumes under the editorship of Professor and Mrs. Donald, is the second to appear in the Diaries Series of the Belknap Press edition of The Adams Papers. Unlike John Adams Diary and Autobiography (4 volumes, 1961) and John Quincy Adams Diary (in preparation), that of Charles Francis Adams has never before been even selectively published. This is partly because the protracted efforts of the family to prepare a satisfactory edition after the writers death finally broke down under the sheer bulk of the material. The present two volumes reveal Charles Francis Adams as a sensitive and self-critical young man during his college years, in the social whirl of Washington while his father was Secretary of State and President, during his training as a lawyer in Daniel Websters Boston law office, and throughout his proonged courtship of Abigail B. Brooks, a New England heiress. A central theme of these volumes is the struggle which raged within young Adams mind and heart between the warm, poetic heritage of his Southern-born mother and the cold, political, New England legacy of his Adams forebears. The defeat of his father

in the 1828 ejection, the tragic death of his older brother, and his marriage to Abigail in 1829, with which the volumes end, were way stations in his course toward making himself a New England man. This complex struggle in a young mans mind is one of the most fully chronicled and dramatic episodes in the entire body of the Adams family archives at the Massachusetts Historical Society, tinder whose supervision The Adams Papers are being edited.
