

## Diner Knights

In the wee hours of the morning, the diner counter is a virtual magnet for an eclectic array of memorable characters. From a comical waitress to a wise-cracking cop, to an aging Elvis impersonator, the ritual gathering of unlikely friends entertains with equal doses of rapier-sharp repartee and hard-earned wisdom. Although seemingly always down on their luck, the counter crew is nevertheless always there for each other, celebrating occasional triumphs as well as commiserating over lifes crushing disappointments. Battered by life, unlucky in love, these lonely, yet fundamentally noble, loyal folks will touch your heart and have you holding your sides with laughter, as they look to each other for companionship, a good rousing argument and of course, a generous portion of tender romance.
