

Dont Look Back

Living in a crowded flat in Glasgow, Scotland with a father that drank too much, a mother who barely escaped by and four younger siblings, Bridget began to dream of more. She dreamt not just of more money, but of more excitement, more hope, more opportunity to truly live - everything that her drab little neighborhood denied her. But dreams had a way of dying in the dank streets of Glasgow, and Bridget knew that she would have to grab at any opportunity that came her way.
