

ALL I EVER HAD WAS HOPE

In this collection of poems and her life story Stephanie Ellis shares her personal story as a single mother and how she endured and surpassed the worst of lifes hardships. Everything around her was falling apart but she remained resilient, and it was her hope that served as her shield. All of us are fighting a hard battle in life every single day. Hope is the one thing that keeps us going. Its like the candle that serves as our light in the dark. Its what fuels our body and soul to keep believing and keep trying to make things better. We need to learn that no matter what there is always hope. God always has a plan and creates a path for us out of our darkest hours Always remember when there is nothing else there is always HOPE
