

Nurses Unlimited: A humorous but true account of old school nurses

Read stories from the old school nurses, much different from today's nursing brigade and I am sure we had many more fun times with the comradeship we nurtured with our nursing family. Many of these true stories are from behind the scenes, so not only nurses can get a laugh at these (and relate to them), but if you have been a patient, you can learn a little more about your stay in hospital. Times were hard, sure, but not many of us can say we didn't love every minute of it or would have had it any different. We chose nursing as our profession because that is what we wanted to do - BE a nurse
