

Expert Cigarette Magic - An Original Treatise On The Art And Practise Of Cigarette Necromancy

Originally published in early 1900s. The author was a skilled manipulator who helped to establish cigarette magic as an important branch of magical entertainment. The well illustrated contents contain 201 photos and full details and instructions for dozens of fascinating tricks. Contents include: Groundwork of Cigarette Magic - Envanishment - Acquitments - Productions - Envanishment, Asquitments and Productions with Lighted Cigarettes - Miscellaneous Effects and Fakes etc. Many of the earliest books on magic, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are now republishing this classic work with a new introduction to magic.
