

Boys (Trade)

Following the success of *Girls*, Assouline presents a photographic tribute by the talented Pamela Hanson evoking the moods and subtle intentions that are boys. Between childhood and adulthood, a boy incarnates over a period of time drenched with fresh seduction and tender glamour. Pamela Hanson perfectly captures this spirit in moments of friendship, foolishness, and romanticism. Just as *Girls* was an homage to a very special side of the feminine, so too *Boys* captures the essence of the male youth. Hanson's photos are extremely intimate yet also evoke a general mood that is universally experienced by anyone coming of age. Naivety and self-assertion, gentleness and insolence, androgyny and virility, this is a poignant book about life and its most elusive moments. Accompanying the photographs are insightful quotes by some of the writers (Plato, Mark Twain, Charles Dickens), and women (Christy Turlington, Julianne Moore, Sofia Coppola) who know them best. From the beaches of East Hampton to the cafes of Paris, on soccer fields, or behind the wheel of vintage cars, *Boys* captures the male spirit in all its glory.
