

Adobe Photoshop Elements One-Click Wow! (3rd Edition)

Adobes consumer-level Photoshop Elements 3 already offers a slew of unique features at a fraction of the cost of its full-featured digital imaging big brother. Get this book/CD combo, and youll add even more. Although Photoshop Elements offers only limited capability for designing Layer styles, any style designed in the full version of Photoshop can be applied in Elements 3 to add instant special effects to photos, type, or graphics. Adobe Photoshop Elements 3 One-Click Wow! shows you how to apply those styles with just the click of a mouse, and the companion CD provides more than 300 custom styles from which to choose. Throughout, author Jack Davis provides simple step-by-step instructions for applying layer styles and outstanding full-color examples of how theyll look in your personal, business, and professional-level design and photography projects. If you want great results instantly, youll want One-Click Wow!--completely updated to take advantage of all the features new to Elements 3: an improved Review Mode, better red-eye reduction, edge effects, and more.
