# Use, Remove, Repeat

When Marvin Bindle discovers a revolutionary new procedure that could eliminate STDs and unwanted pregnancies while maximizing the intensity of an orgasm, he knows he would be a fool to pass it up. The procedure is a success, and Marvin quickly finds himself engaging in the best sex of his life. Unfortunately, Marvin soon realizes that his dream isnt quite as desirable as it sounds. When a sex romp goes awry, Marvin finds himself in danger of losing his livelihood forever. Will Marvin be able to overcome the flaws of science, or has greed and lust cost him everything? Use, Remove, Repeat falls somewhere between medical satire and sexy science fiction. No matter how you classify it, this is a revolutionary story about the future of sex.
