

# Microsoft Outlook 2000 for Windows For Dummies (For Dummies (Computer/Tech))

Deep space adventurers have control panels on their spaceships, explorers in the Wild West had their faithful guides, and detectives have their little black books. Why? Because every adventurer knows how important it is to have good information. Knowing about the people with whom you're dealing, the things you need to do, and when you have to do them can make a difference between triumph and failure. Okay, maybe your daily adventures aren't exactly life-and-death struggles, but having a tool to help you keep a handle on what you need to do and whom you need to see from day to day is really nice. Microsoft Outlook 2000 has become that tool for millions of professionals and probably you, too! Outlook 2000 is a Personal Information Manager that can act as your assistant in dealing with the flurry of small, but important, details that stand between you and the work that you do. But how do you get started with Outlook 2000 if you've never used it before? How do you make sense of all those buttons and windows? And how do you actually get something accomplished after you figure all that out? Let Microsoft Outlook 2000 For Windows For Dummies come dashing to your rescue. This easy-to-understand guide can make organizing your daily information easy by helping you bring together everything you need to know about your daily tasks, appointments, and e-mail messages into one convenient program. Here are just a few things you can find in Microsoft Outlook 2000 For Windows For Dummies: Understanding the Outlook interface and finding the right View for you Using e-mail and filtering junk e-mail Setting up your contacts Scheduling appointments and meetings Tracking your task list Keeping an automatic journal in Outlook Sharing folders over the Internet Top Ten lists for creating better e-mail messages, using Outlook on the Internet, and finding

shortcuts in Outlook So whether you're using Outlook for the first time or you're an experienced user looking for ways to streamline Outlook, Microsoft Outlook 2002 For Windows For Dummies can help you organize your daily details and get back to business.
