

Management F-Laws: How Organizations Really Work

A full collection of more than 80 of Russell Ackoffs management f-laws: the uncomfortable truths about how organizations really work, whats wrong with the way we design and manage businesses, what makes managers tick... and how we can make things work better. Russell Ackoff is one of the worlds top business brains. Herbert Addison has worked for years in business book publishing. Sally Bibb is a pioneer of organizational change. Who better to zero in on organizations, take them apart and then suggest ways of putting them back together - but better?
