

Garfield, His 9 Lives

Garfield lives his life to the fullest . . . 9 times! Cave Cat -- the first cat crawled out of the sea 10 million years ago. He was happy to be out of the water -- until he met Big Bob! The Vikings -- he was big, he was mean, he was a Viking. Garfield the Orange had looted a lot of cities, but none like St. Paul, Minnesota. Babes and Bullets -- Sam Spayed wasn't the best private investigator in the world, but he did have one terrific thing going for him -- a secretary who made a great cup of coffee. The Exterminators -- no mouse was safe from the exterminators. Catching mice was their life. It wasn't a pretty job -- especially the way they did it. Lab Animal -- specimen 19-GB was not happy at the prospect of being dissected, so he did something about it. What happened set the federal government on its ear. The Garden -- life was a carefree romp among hovering harmonicas for Cloey and the orange kitten . . . until they confronted the crystal box. Primal Self -- he was an ordinary house cat leading an ordinary existence. A shadowy memory from another time changed all that. Garfield -- the marvelous cat we all know and love. This is his life in a nutshell. Space Cat -- he was lost in space with a computer built by the lowest bidder. And, he was not about to let his life slip away that easily.
