

Gesture and Sign Language in Human-Computer Interaction and Embodied Communication: 9th International Gesture Workshop, GW 2011, Athens, Greece, May ... Papers (Lecture Notes in Computer Science)

This book constitutes revised selected papers from the 9th International Gesture Workshop, GW 2011, held in Athens, Greece, in May 2011. The 24 papers presented were carefully reviewed and selected from 35 submissions. They are ordered in five sections named: human computer interaction; cognitive processes; notation systems and animation; gestures and signs: linguistic analysis and tools; and gestures and speech.
