

Gmail Mastery for eBay Sellers: Take Back Your Time with Labels, Filters, and Automation

Are you an eBay Seller who uses Gmail to receive eBay and PayPal notification emails, communicate with customers, and deal with suppliers? Have you ever wished your eBay business were more about selling your product and less about spending time handling email? Have you ever lost a sale or missed responding to a best offer because you didn't see a buyer question fast enough in the midst of all your other emails? Are you sick of opening every single PayPal notification to check if a buyer message is buried in the middle of it? This book walks you through the tools to set up your Gmail first for mental focus and concentration, then the automated tools to help you get through it faster every single day. You will only see the emails in your inbox that you haven't already handled- no clutter. You will be able to respond quickly to important emails first. You achieve the mythical Inbox Zero, the full empty of your inbox, daily if you like. You can customize and send important emails in seconds with automatic text replacement. You can get more things done. Having total automatic control over your Gmail inbox could eliminate 1.5 hours of email handling and responding to email if you are a high volume seller. What would you do in your day with an extra hour and a half? Gmail Mastery shows you how to apply the best free tools and labs available from Gmail to solve your eBay-specific email handling issues and wishes so that: The best part is that you can achieve Gmail Mastery gradually and easily, with lots of screen shots and detailed steps along the way. At the end of each chapter, action exercises guide you through putting all the chapter steps in place, before moving on to the next chapter. The author, a Top Rated eBay Seller, has spent years streamlining and automating his Gmail processes to minimize the time spent in front of the computer. Now you can take advantage of the years of experience, all laid out in this

book. Buy now with 1 click to streamline your Gmail and be a calmer eBay.
