

The 6-Hour Guide to Grand Cayman - For Cruise Ship Travelers

Welcome to the 6-Hour Guide to Grand Cayman. Everyone that has ever been on a cruise ship knows that the time you have at each port-destination is very limited, usually between six and eight hours before you have to head back to the ship and sail off to the next destination. You want to maximize the time you have relaxing and enjoying everything the location has to offer, while minimizing the frustration of deciding what to do and which tour operator to choose, as well as getting the best value for money. The various cruise lines do a great job of providing info on the tours they offer in collaboration with operators at each destination, but unfortunately the tours are usually expensive and limited to one maybe two activities which you have to share with other travelers which doesn't always result in a memorable experience. That's where Fluffy Hero comes in, we take away the headache of trying to choose the perfect excursion for your trip by giving you all the info you need upfront in this definitive guide on excursions in Grand Cayman, tailored specifically to the cruise ship passenger. Fluffy Hero has traveled to Grand Cayman to experience everything the Island has to offer, and using our first-hand experience we have drawn up four tour options, each covering different sights and attractions on the island. This gives you the option to choose exactly what you want to do and provides you with all the info needed to either choose the correct tour operator for your excursion, or to head out and do the excursions by yourself. The guide includes the following: *Transportation options and costs on the island, and transport provider locations in relation to the cruise disembarkment point. *Four tour options covering everything from diving, snorkeling, rum tasting, boat trips, jet skis, turtle and dolphin encounters, to lounging on some of the best beaches in the world.

*Recommended gear for each tour and where you can obtain the gear quickly and cheaply on the island. *History or a short info snippet of each tour stop and excursion. *Insider tips on each location to ensure you have the best experience possible. *Comprehensive cost estimate of the various tour options and for each excursion included in the tour so you can mix and match to best suit your budget. *Recommended tour operators for some of the excursions that you cannot do on your own. *Recommended time to spend at each location to ensure you get to see and experience as much as possible and make it back to the ship on time. *Recommended restaurants in the tour area where you can enjoy lunch and a few drinks on the beach. *A photo gallery and YouTube video links of each tour option to give you an idea of what you can expect to see and experience. *Downloadable maps, which you can download onto your mobile device to use as navigation to and from each tour stop and back to the ship. The maps include directions and distance to activities and sites as well as ATM and other useful location indicators. Grand Cayman is a truly amazing cruise destination, and Fluffy Heros guide will give you the inside track to experience the best the island has to offer. You can check out the Guides video on [YouTube](https://www.youtube.com/watch?v=DIEP90bPT4o) <https://www.youtube.com/watch?v=DIEP90bPT4o> or on [Vimeo](https://vimeo.com/151600905) <https://vimeo.com/151600905> You can also read the full description and review of the guide on our website: <http://www.fluffyhero.com/#!/product-info/cuvm> where you can also download the tour maps of Grand Cayman as described in the book. We hope you enjoy the book and remember... Seek Travel Explore!
