

## Spying in America in the Post 9/11 World: Domestic Threat and the Need for Change (Praeger Security International)

This book examines the realities of living in the United States after the events of September 11th, 2001, and evaluates the challenges in gathering internal intelligence without severely compromising personal liberties. Maps clarify Americas security threats in a global and domestic context. Photographs depict historic events like the attacks of September 11, 2001, the Oklahoma City bombing, and the signing of the U.S. Constitution. Includes a bibliography of reference sources and recommended reading as well as an index of interviewees and quotations. A glossary explains the most commonly used terms in intelligence and homeland security.
