

Desperate Cupcakes

The private lives of cupcakes exposed! Sure, cupcakes are all sweet when they're all dolled up for birthday parties, but what happens when the wrapper comes off? This deliciously funny book gives you a behind-the-scenes look at the wild and tawdry lives of Desperate Cupcakes. You'll meet insecure cupcakes like Sally, who wraps herself in bacon to bring the sizzle back into her relationship. Follow these cupcakes to the dark side as they experience sugar rushes and crashes, succumb to snack attacks, and engage in ill-advised activities (like riding with the Hells Angle Cakes.) You'll delve into their fears, their woes, and their fierce suspicion of muffins. Ultimately, you'll discover how truly difficult it is to be everyone's favorite dessert.
