

## Chi 99: The Chi Is the Limit : Human Factors in Computing Systems : Chi 99 Conference Proceedings (ACM Press)

Contributions to the annual SIGCHI Proceedings cover the full spectrum of computer-human interaction -- from collaborative work to user interface management, hypertext and hypermedia systems, simulated neural networks, educational software engineering, usability engineering and testing, and much more! ACM SIGCHI provides an international, interdisciplinary forum for the exchange of ideas about the field of human-computer interaction (HCI).
