

Cracker Justice

A truly unique, creative non-fiction story of injustice and state government corruption and incompetence unlike any written before. ~My 10 Years of Hell as an Enemy of the State~ When the author moved south to take a job that one woman didn't want him to have, he was forced to fend off escalating attacks to make him leave. When this woman's efforts finally backfire, her friends exact revenge by bringing indictments, arrests, and charges against the author that claim he committed a series of despicable crimes and abuses... that never even took place. CJ is a true story that goes behind the scenes of a state-sponsored vendetta, naming names--from lowly bureaucrats to the State Attorney General, and beyond of the people responsible for perpetrating and/or perpetuating a string of unbelievable perversions of justice unlike anything exposed before. The author's 10-year quest to expose the government conspirators and to clear his name would cost him almost everything. **INDUSTRY REVIEWS:** Dahly thoroughly and persuasively explores the power of the state and its shady, incompetent bureaucrat goons and good-ole-boy backward judicial system and how this unholy combination can force innocent defendants into the high-stakes lottery of praying for a fair judge and jury.

~Kirkus Reviews

Trapped in a swamp of bureaucracy, politics, and personal animosity, Ron Dahly faced trumped-up charges for abuse and financial fraud. The facts as they are related in *Cracker Justice: A Real-Life Legal Thriller* make Dahly a believable narrator who is dogged in pursuit of justice, saved by his own hard work and the aid of a generous attorney. ~ForeWord Clarion Reviews.
