

Last Days in Babylon: The Story of the Jews of Baghdad

Marina Benjamin grew up in London, feeling estranged from her family's Middle Eastern ways, refusing to speak Arabic or eat their food. But when Benjamin had her own child a few years ago, she realised that she was losing her link to the past, inspiring a journey to Baghdad and into her family's history. Her discoveries will haunt anyone who seeks to understand a country whose ongoing struggles continue to command the world's attention. By turns moving and funny, Last Days in Babylon is an adventure story, a riveting history and a timely reminder that behind today's headlines are real people whose lives are caught in the crossfire of misunderstanding, prejudice and ambition.
