

Lethal Intent

A graphic portrait of evil. --M. William Phelps
One of the best true crime books of all time. --Examiner.com
The book to read about Aileen Wuornos--a case that has fascinated true crime fans from around the world. --True Crime Book Reviews
As a child, she was abandoned, abused and raped. By her teens, she was deep into a lifestyle of hitchhiking, petty crime, and the sex trade. In her twisted mind, uncontrollable bouts of violence were pure survival skills. In 1986 she began a lesbian relationship with Tyria Moore. Three years later, tired of turning tricks, she fired four bullets into one of her clients--then robbed him. She claimed she killed six more victims before authorities finally locked her behind bars. Award-winning journalist Sue Russell updates her harrowing and definitive real-life thriller with new details of the most famous female serial killers decade on death row, her execution in 2002--and the lasting impact of her dark deeds. The case that inspired the Academy Award-winning movie *Monster* A riveting and fascinating tale. --Robert Scott
