

The Adobe Photoshop Lightroom: 17 Tips You Should Know to Get Started Using Photoshop Lightroom (For Digital Photographers) (Graphic Design, Adobe Photoshop, Digital Photography, Creativity)

Photoshop Lightroom for Beginners Did you ever want all your photos to be stored, edited, and shared from one place? Do you want to access and edit your photos from your phone or tablet as well? If your answer to both questions above is YES, then Photoshop Lightroom is the software that will meet all your needs and expectations. Although it belongs to the Photoshop family, Lightroom is quite different from its older brother, and this book will show you what you can do in Lightroom, as well as how to use it. ** Get this book by Amazon Best Selling Author Edward Bailey! TODAY only \$2.99! Regularly priced at \$8.99 and SAVE \$6!!! Post-processing software isn't only designed for professional photographers. It is designed to help us enhance the quality of photos we take. Since people are always busy running errands and other everyday activities, spending too much time editing photos isn't an option and, bearing that in mind, Adobe came up with the perfect tool that will help every user organize, edit, and share their photos easily with just a few simple clicks. Photoshop Lightroom is unique software that is user-friendly and able to fulfill all your expectations, bringing photo editing to a whole new level. This one-stop solution simplifies the art of post-processing, and what used to be time-consuming processes are done in a few seconds with Lightroom. Download Your Copy Right Now Before Its Too Late and the price goes up! Here is what you can learn in this book: The difference between Photoshop and Photoshop Lightroom What features you can use for a better post-processing experience How to organize photos in Lightroom How to share your photos from Lightroom directly to your Facebook account, Flickr, or send them to someones email address The inevitable part of photo-editing (cropping) How to use presets to develop style and edit multiple photos with one click How to

easily get a picture-perfect skin in Lightroom. The book will also teach you: How to rotate multiple photos at once. How to create HDR effects in Lightroom. How to create a fairytale-like sunset. How to create a dramatic portrait. How to save photos as JPEGs. Benefits of buying this book include: Versatile content. Step by step instructions. Easy techniques. Useful tips. Motivation to express your own creativity. With valuable information about Lightroom basics, useful tips, detailed, and yet simple techniques, the book is an ideal tool that all Lightroom beginners should use to organize, share, and edit their photos like pros.
