

## La patria americana de Jose del Valle (Spanish Edition)

Alejandro Gomez se ha especializado en un tema poco tratado por la historiografía de nuestro continente: la vida y la obra de Jose Cecilio del Valle. Y el autor de este libro nos promete, afortunadamente, seguir en el empeño, pues nos dice en las paginas finales de la obra: Rescatar la figura de Jose del Valle es una tarea que deberia seguir desarrollandose en las decadas por venir. Debemos reconocer el merito de este esfuerzo que, en este caso, ilumina aspectos importantes de la epoca de la independencia, un tema en verdad inagotable. El libro que el lector tienen en sus manos es un trabajo solido, exhaustivo, que recurre a fuentes primarias y trata con detalle dos problemas de singular importancia, el del panamericanismo y el que se refiere a la construccion de un canal interoceanico. Alejandro Gomez los analiza con detalle y maestria, haciendo un recorrido sugerente sobre las ideas que el sabio Valle expuso en su momento sobre esos decisivos temas.
