

The Complete Beginners Guide to Selling on eBay: All You Need to Know to Get Started and Make That Dough! (Ebay Selling Book 1)

Why sell on eBay? The question really is why not? eBay is essentially a worldwide virtual marketplace where people all over the globe buy and sell everything from coffee cups to cars. You can find just about anything you desire all with a click of a mouse. Whatever you have to sell, someone somewhere is probably looking for it and eBay has become that go-to place to find those unique, odd and one of a kind items as well as new items at a discount. Have you been thinking of selling something on eBay but you don't know where to start? Marcie Selak is an eBay Power seller and has been successfully selling on eBay for 10 years and she wants to show you how! This is a straight forward guide to get you up and running on eBay and sell your first item in an easy step by step manner. Where some beginners guides fill you up with way too much information then you need and leave you even more confused than before, this book will only tell you what you need right now; the object is to just get started. As with anything, you know that's half the battle. Most people do not need to know how to become a power seller before they have even made their first sale but with the advice in this book gleaned from the authors years of success on eBay you may become one by default! Contents include Opening your Ebay and Paypal accounts What to do before you start selling, including a list of items around the house to consider selling. Creating a winning listing, step by step, with examples How to use social media to promote your listings What to do after the sale with advice on shipping and feedback and customer communication. Don't leave that money sitting on the shelf gathering dust, list it and sell it!
