

## Graphics Interface 1997

Graphics Interface Proceedings is a collection of the papers presented at the annual gathering of the Canadian Human-Computer Communications Society. This collection of papers was presented in May of 1997 in Kelowna, B.C. Graphics Interface is the Canadian annual conference devoted to computer graphics, interactive systems, and human-computer interaction. It is the oldest regularly scheduled computer graphics and human-computer interaction conference; the first conference was held in 1969.
